# THE BJ FOUNDATION CORP

## CAPABILITIES STATEMENT

**Cybersecurity • AI Security • Electrical Engineering • Workforce Pathways**

*Serving the community through education and pathways to employment that improve quality of life.*

## ORGANIZATION OVERVIEW

The BJ Foundation Corp is a Florida nonprofit public charity developing accessible, practitioner-led education in cybersecurity, AI security, AI literacy, and electrical engineering. Its 2026–2029 strategy connects hands-on learning, a Foundation-issued certificate, and employment support for adults, career changers, veterans, underemployed workers, and youth.

## PROGRAMS & SERVICES

**Adult education | Ages 18+** Cybersecurity/AI Security Foundations Certificate curriculum organized around NIST SP 800-53 Rev. 5 control families, with AI literacy, practical labs, a capstone project, and a certificate exam.

**Youth STEM | Ages 18 and under** Circuits & Cyber Explorers uses a Discover–Demonstrate–Connect model: circuit building, safe cybersecurity exercises, and projects connecting engineering with digital security.

**Workforce preparation** Resume, portfolio, and interview coaching; development of employer, internship, and apprenticeship pathways; and planned alumni follow-up to track employment and wage outcomes.

**Flexible delivery** Hybrid, online learning and instructor-led labs for adults; school partnerships, after-school clubs, and summer intensives for youth.

## WHAT SETS THE FOUNDATION APART

**Practitioner-led design.** Founder experience spans virtual CISO leadership, Cybersecurity/AI Security, Electrical Engineering, and entrepreneurship.

**Connected disciplines.** Learning links security and engineering through smart grids, industrial control systems, and connected devices.

**Community access and accountability.** The program model prioritizes accessible learning and tracks completion, certificate attainment, employment, and participant feedback.
